

LISTING OF THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. - 29. (Canceled)

30. (Previously Presented) A timepiece comprising:

a dial face having a circumferential boundary surrounding the dial face and having a geometric center, the dial face also being such that the circumferential boundary thereof is oval shaped, defining a long axis and a short axis extending perpendicularly to the long axis;

a first time movement including respective hour and minute handles;

a second time movement including respective hour and minute handles; and

wherein said first and second time movements are arranged in spaced relationship to each other, with their centers spaced from each other along the long axis of said oval shaped dial face;

a first stem arrangement comprising a plurality of stems coupled to and controlling the first time movement and a second stem arrangement comprising a plurality stems coupled to and controlling the second time movement;

wherein the first stem arrangement is located to a left side of the first time movement and the second stem arrangement is located to a right side of the second time movement; and

a watch band aligned with the short axis.
